RIVER RIPLETS.

John K. Speed left St. Louis for New Orleans yesterday. The Str. Dowey, Capt. A. L. Cum-mins, will leave next Tuesday for New

The Strs. Delta, Belle of the Bends Lucile Nowland and HillCity are ex-pected to arrive today.

The Str. Lucile Nowland resumed her place in the Vicksburg and Mem-phis trade yesterday. She will leave Memphis every Satuday for Vicksburg. The best boats have all undergone the usual repairs prepatory to handling the cotton crop and no delay need be occasioned in shipping this season.

The snag boat, Jno. M. McComb, did the right thing Tuesday. She tied up at our wharf, paid off its men and al-lowed Greenville to get its share of government money. Thanks.

Low water in the river is causing the steamboats to have trouble in getting through the mouth. Several days is required to get to Yazoo City from Vicksburg.—Yazoo City Herald.

The Poepke Lucket Lumber Co., are rebuilding the Geo. M. Water, and when finished will be named the City of Chicago. The boat will be used to tow logs to their mill here and in Arkansas.

A Pittsburg special of Saturday says:
"Because of the great amount of coal loaded the fuel will be cheaper here this fall, but dearer at Cincinnati and elsewhere. The supply at down river points will be short. Clear and bot." John G. Rudy, for several years con-nected with the little stamer Morning Star, died at 'icksburg Sunday even-ing and was buried at the National cemetery in that city.

Str. Ralph, one of the best known of the smaller craft that plied about Mem-phis, went to the bottom last Tuesday. The boat had just been sold to the Red River Packet Co. by Ed Postal, its former owner. The boat was fully in-

Ike Judkin, colored, who looks after the warehouse of the Greenville Wharf & Storage Co., has held his position for nearly fifteen years. He is prompt and attentive to his business and makes Supt. Starling a faithful and trusted employee. Such colored men are an honor to their race.

Sunday—The Str. Annie Laurie came up en good time, Capt. Young in charge and Schaffer in the office. Usual dull Sunday business, but good passenger trip. Morris Rosenstock and family took the "Annie" to traffer to the Str. Ruth at Vicksburg for New Orleans.—Arrived Str. John Henry.

Monday.—Str. Delta came up at 10 a.m., 24 hours late, due to heavy business going down. Band playing and the usual flutter in young society. All the officers on the Delta are young, handsome and interesting. At least the young ladies think so. Good tripfesight and passengers. freight and passengers.

Mr. Lyun Starling, superintendent of the Greenville Wharf & Storage Co., is the right man in the right place. Kind and accommodating, he is always ready to favor a shipper or receiver in anyway possible. His many years of service in this position proves his ability and popularity with both the river and business men. We say it and can prove it that his equal cannot be found along the Mississippi river. along the Mississippi river.

The Str. Resolute of the Alabama Coal Co., met with an accident Tues-day by blowing out one of her cylinder heads. The boat had just started for New Orleans with a tow of barges when the accident occurred. She was when the accident occurred. She was towed to the bank and machinists put to work at once repairing the cylin-der completing it by Thursday, when she left with her tow down the river.

one hundred and eighty thousand tons of coal were sold Monday to New Orleans agencies to supply the demand in that city which has heretofore been supplied by the Pennsylvania propuet. Thirty thousand tons go to a Pennsylvania company which is unable to get sufficient coal from its company. get sufficient coal from its own mines. That will be delivered by the Southern rallway and its barge lines from Green-ville, Miss.

The Louisville Courier-Jounal of Sunday says: "The outlook for a heavy freight and passenger business on the river this fall and winter is flatteringThere is plenty of water for the big sidewheel steamers Indiana and Cincinnati to make good time between Chairman to make good ame between this city and Cincinnati... The Marine Coal Company, of Pittsburg, will be running coal South before January 1 ...O'Donnell's big elevator at Portland is proving to be a success and is handling big quantities of Pittsburg coal daily.

Ex-State Senutor Weathersby of Monticello, Lawrence county, reports that the steamboat line between Mon-ticello and Columbia is expected to be ticello and Columbia is expected to be in operation by the latter part of this week. This boot line will connect with the branch of the Gulf and Ship Island at Columbia and will thus give the people in that section direct connection with commercial centres. It is estimated that there will be a saving of severe that there will be a saving of severe two cents a bale on cotton ships as New Orleans.

John G. Rudy, for the last few years someeted with the little steamer Morning Star, owner of the Seventh Day Adventist, was found dead in his bed on board of that boat yesterday morning. The deceased was in his 47th year. The funeral took place pasterday exemine from the boat, con-47th year. The funeral took place yesterday evening from the boat, conducted by Rev. Halliday. The remains were interred at the National Cemetery, the fleecased being a Union patriot in the Spinish and civil wars.

RAILROAD RUMBLINGS.

sier, Supt., Birmingham, Ala.; J. S. B. Thompson, Ass't Gen'l Supt., Atlanta, Ga.; W. E. Leake, Vice-President Alabama Slock Coal company, Patton, Ala.; and W. J. Francis, Trainmaster, Columbus, Miss. On arrival the party went straight to the coal tipples of the road below the city to make examination as to the possibility of handling the enormous or-der of river-shipment coal for New Orleans. We understand that they arrived at the con-clusion that the coal could be handled at this point and their intention is to ship 75,000 tons this month. This means much to Greenville in dollars and cents, as it will give hundred of men, who have homes here, steady employ-ment. This coal business is now only in its infancy, for it will not be five years before the road will have to double the capacity of their works at "South Pittsburg," as the people call it, and a 75,000 ton shipment per month will be a small matter. Our hat is off to you gentlemen and we wish you success.

Master Harvey Baglet, who has been messenger at the Valley depot for several years, is now working for the McMahon Grocery Col Harvey is a bright little boy, and if he continues in the course be is going, will make a good and useful man.

Edgar Lee Clark is now carrying way and acting as messenger at the Y. & M. V Mr. Sid Lawsha, formerly assistant depot agent at Water, Valley, has been honored with rhe position of traveling auditor on this division of the Y. & M. V. The writer knows Mr. Lawsha personally and predicts for him a bright future, He has the grit to go the top in his chosen line, and if the officials will recognize his ability he will get there. Mr. W. B. Brooks, whom Mr. Lawsha succeeds, has been transferred to another division. We wish both success.

Conductor Muaney, of the Southern, has gone to Cooper's Wells for his health. Henry Hayes, of Covington, Tenn., is in the

The people of the territory from Jackson up the Fearl river to Columbus and thence to the coal and iron fleids of Alabama are very much in earnest about the building of a railroad in this territory. Spirited and enthusiastic mass meetings are agitating the question of building the road, which without doubt, will soon be commenced.
